

## Beach Cleaning Campaign

**Noble Care Foundation** started beach Cleaning campaign way back in 2016. It was primarily focused on removing solid litter, dense chemicals, and organic debris deposited on a beach or coastline by the tide, local visitors, or tourists.

NCF still continues clean beach campaign, but now we have combined activity, with sensitization programs for general public and the officials responsible for implementing strict warnings. NCF also invites local speakers and well wishers in all such campaigns to generate a movement for cleaner beaches in Angola.

Some of the beaches we have covered in this campaign include White sand beach (marginal), Amélia beach (Samba) Cacuaco beach, Embarker beach, Luanda island, Mabunda beach, Mussulo beach, ship cemetery, mouth of the river.
