

NCF supports during COVID-19 Pandemic

Noble Group initiative- NCF organized internal camps for employees and community camps to house affected persons and arrange food and essential services during COVID-19 pandemic.

NCF goal was to support employees who were affected and the community organizations impacted by COVID-19, especially as they support vulnerable communities and communities who have been disproportionately impacted by the pandemic. NCF Volunteers acted with lightning speed to avoid situation getting overwhelmed. Supporting with gloves and face masks, community relief programs targeting the elderly, chronically ill, disabled and homeless, and organizing awareness campaigns. More than 5,000 people benefitted from this combined effort of various stakeholders.

Foundation kept supporting families who were affected due to the pandemic till the time it became normal relatively.
